

Farewell Meeting – Final BEO Project Meeting Held in Ljubljana, Slovenia

The final meeting of the BEO Project – Employer Engagement Training and Good Practice Guide took place in Ljubljana, Slovenia, hosted by project partner University Rehabilitation Institute (URI) from 6 – 8 October 2025.

The meeting marked the culmination of an extensive collaborative effort between European partners to enhance employer engagement and inclusive employment practices through training and shared expertise.

During the two-day meeting, partners focused on finalising the Training Materials, Good Practice Guide, and Communication and Dissemination activities, as well as preparing the Evaluation Report. Each partner led discussions within their respective Work Packages, ensuring that all contributions were integrated into the final project deliverables.

In addition to reviewing project deliverables, the meeting provided an opportunity for reflection on the partnership's achievements, lessons learned, and the potential for

future collaboration in promoting supported employment and employer engagement across Europe.

The partners expressed their appreciation for the strong cooperation and shared commitment that have driven the project's success. The final project materials and Good Practice Guide will soon be made available to stakeholders and practitioners supporting inclusive employment initiatives. The BEO Project partners included GTB (Lead Partner), APEA, British Association of Supported Employment (BASE), Association of Supported Employment Europe (ASEE), Health Action Overseas, Romania and University Rehabilitation Institute (URI), Slovenia

The partners had also an opportunity to meet with staff at the University Rehabilitation Institute and hear about their ground breaking work in supporting people with disabilities in to employment.
